Milestone: Login to gmail.com and compose an email to pawel.masior@geekforce.io.. Keep in the email information on weather in Wroclaw for next 7 days.

The task involved logging into Gmail, composing an email to Pawel Masior with a 7-day weather forecast for Wroclaw, and successfully gathering the necessary weather data. The email was structured with a subject and well-formatted body that included daily temperatures, conditions, and rain probabilities. The next step is to send the composed email.
